This is the “My Blackboard” tab screen of the My Tri-C Space portal page.

If you scroll down to the bottom of the “My Blackboard” tab screen of the My Tri-C Space portal page you will see the screen printed below.
In the lower left hand corner at the bottom of the page is the “Quick Links” area.

Note the Link to the video streaming site “View Tri-C’s Smart TV Here”. Clicking on this link will launch the live (or rebroadcast) video stream of the class – see the Rebroadcast Schedule document for the broadcast and rebroadcast time schedule.

There is also a link to the Vbrick Video-on-Demand system here (“Cable College Vbrick”) but this works only from Tri-C computer lab computers at the moment. Clicking on this link will bring you to the screen below:
To log on to the V-brick system you type in **smarttv** as the user name and **student** as the password.

Once in the system you will see a screen similar to the one below:
If it is not already selected, select Video Library, then your screen should look like this one.

Click on the “cable_college” folder

This will bring you to the screen below:
Then select the folder for the class which you wish to view and this will present you with a selection of date tags as in the screen below:
Select the date of the class you wish to view – this would be the August 27th class for example.

You can make the image full screen by clicking on the “full” button – press the “Escape” key [Esc] in the upper left hand corner of the keyboard to return to the control panel and small screen.

When you are done viewing the video, just click on “Logout” at the bottom of the screen.
